Area Youth Injured Saturday In Collision

John Cain, age 14, was injured Saturday afternoon when the motorcycle he was riding collided with a car driven by Reverend W. T. Harris of Elba. The accident happened at an intersection in the Basin Community.

Cain was taken to the Elba General Hospital by the Elba Rescue Squad, later transferred to Enterprise and on to Dothan where he is reported to be recovering. He suffered multiple injuries including both legs being broken.

The above photo shows the bike still under the car as bystanders wait for the rescue squad to transport the youth to the hospital. The accident was investigated by State Trooper R. W. Whitworth with the assistance of Sheriff Brice Paul and several deputies.

The youth was wearing a protective helmet as required by law, which probably prevented more extensive injuries. No charges have been filed in the case.

Harris was traveling North on Highway 141, and Cain was traveling East on a paved county road at the time of the accident.

Lights Will Be Off Sunday

A power outage scheduled for early Sunday morning, May 4, will temporarily interrupt electric service to several areas and communities in and near Elba.

Some consumers of Covington Electric Cooperative will be affected by the outage, as will all consumers served by the Elba system. The outage is scheduled to begin around 5:00 a.m., and last approximately four hours.

The interruption is necessary so personnel of Alabama Electric Cooperative (AEC), which supplies electric power at wholesale to Covington Electric and the City of Elba, can safely perform required maintenance and improvement work on the high voltage power facilities at AEC's Elba substation.

Covington Electric officials stated the outage would affect Co-op consumers in the following areas:

Sunset Boulevard, in Elba; Bell's Crossing, Curtis, Basin, Lee, and Woodland Grove Communities; Elba to Danley's Crossroads; Elba-Kinston Highway to Basin; Elba-Troy Highway to Big Creek; Elba-Victoria Highway and Whitewater Church; Elba-Airport Road, and Girl Scout Camp area.

Cleo Hawkins said all electricity will be off in Elba during this time.

Elba Council Hears Ordinance

The Elba City Council met Tuesday night in a special meeting to hear the reading of a sales tax ordinance required to move forward with the new expansion of the hospital and nursing home. The \$1.9 million project has been approved for 5% funding, but before the bonds were issued, the previous \$75,000 a year guarantee by the city officials had to be put in legal form.

An ordinance recommended by Mayor Folsom would not have filled the requirements, according to those knowledgeable in law. It read that Elba would furnish the \$75,000 "if we have it," said one councilman and experts explained to this newspaper that no money is ever loaned on such shaky repayment terms.

The working the councilmen indicated they would approve at the next regular meeting does the same as a resolution passed by this body last year. It guarantees "up to \$75,000 a year" from the general fund for a period of 25 years.

Folsom questioned the expanding of the nursing home "when he knew of one closing three wings." Hospital Administrator Jim Nichols pointed out several that are expanding and said Enterprise started building on \$5 additional beds last week. He said the Elba facility had a waiting list on seventy local citizens wanting beds right now.

In other action the council voted unanimously for Mayor Folsom to buy the lawnmowers he needed to get the grass cut in the cemetery and other places around town.

Cystic Fibrosis

Bike-A-Thon

Sunday

Cystic Fibrosis Bike-A-Thon will be held this Sunday, May 4, from 2:00 until 5:00 p.m. It will begin at the courthouse square and continue for 8 miles.

The top two collectors of sponsors will receive a ten-speed bike. All who have \$25.00 or more in sponsors will receive a T-shirt.

Those who are participating should bring their sponsor sheet Sunday. Those under 18 MUST have their parent's signature to ride.

Melanie Rainer is chairman of CF for Elba, and says "Keep the wheels turning for Cystic Fibrosis!"

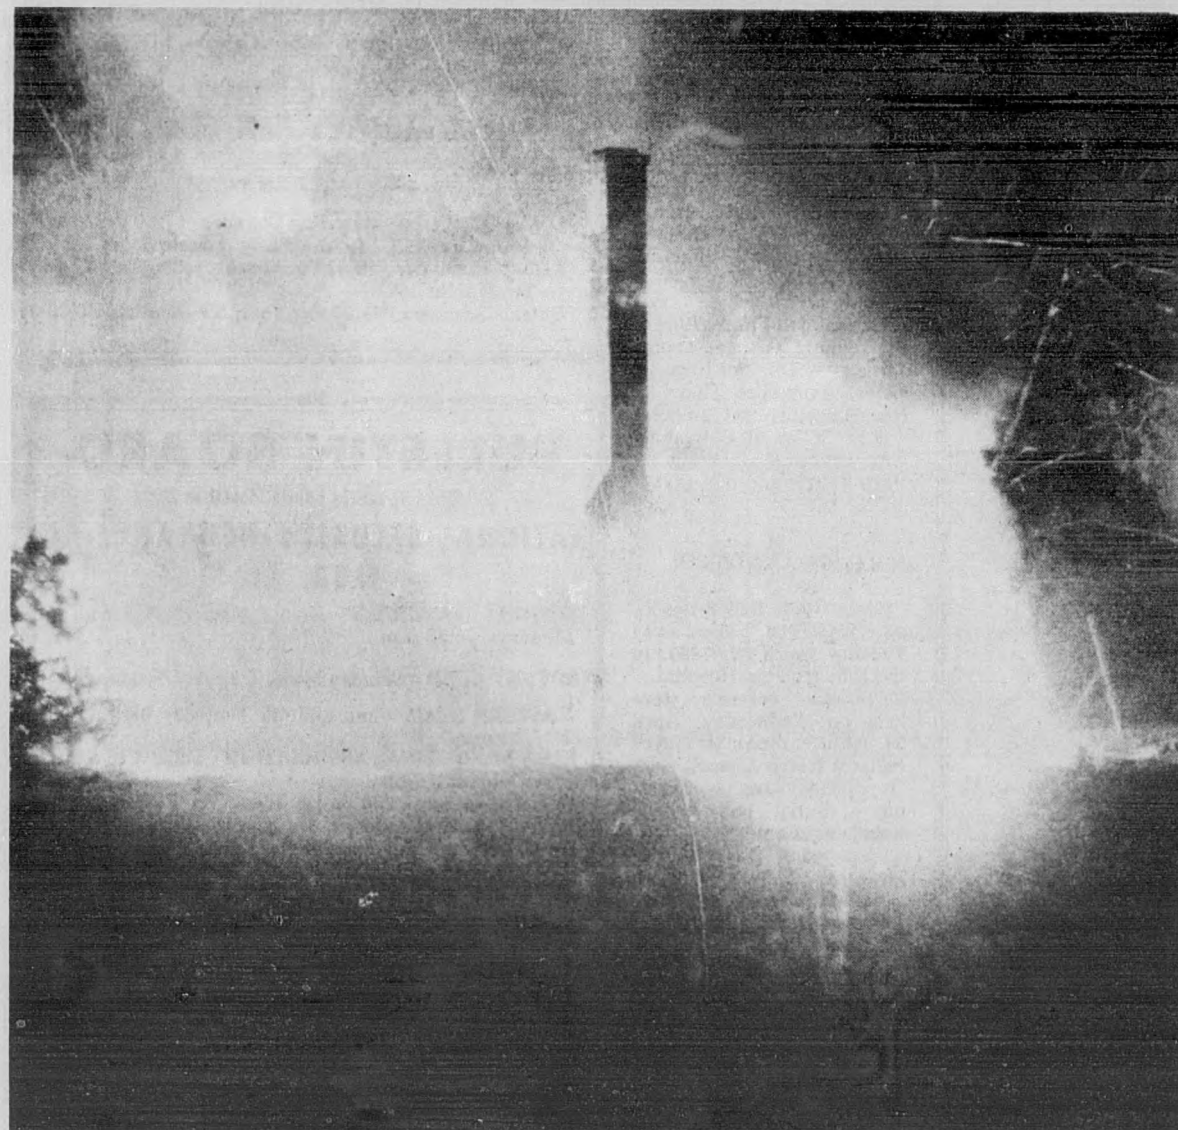

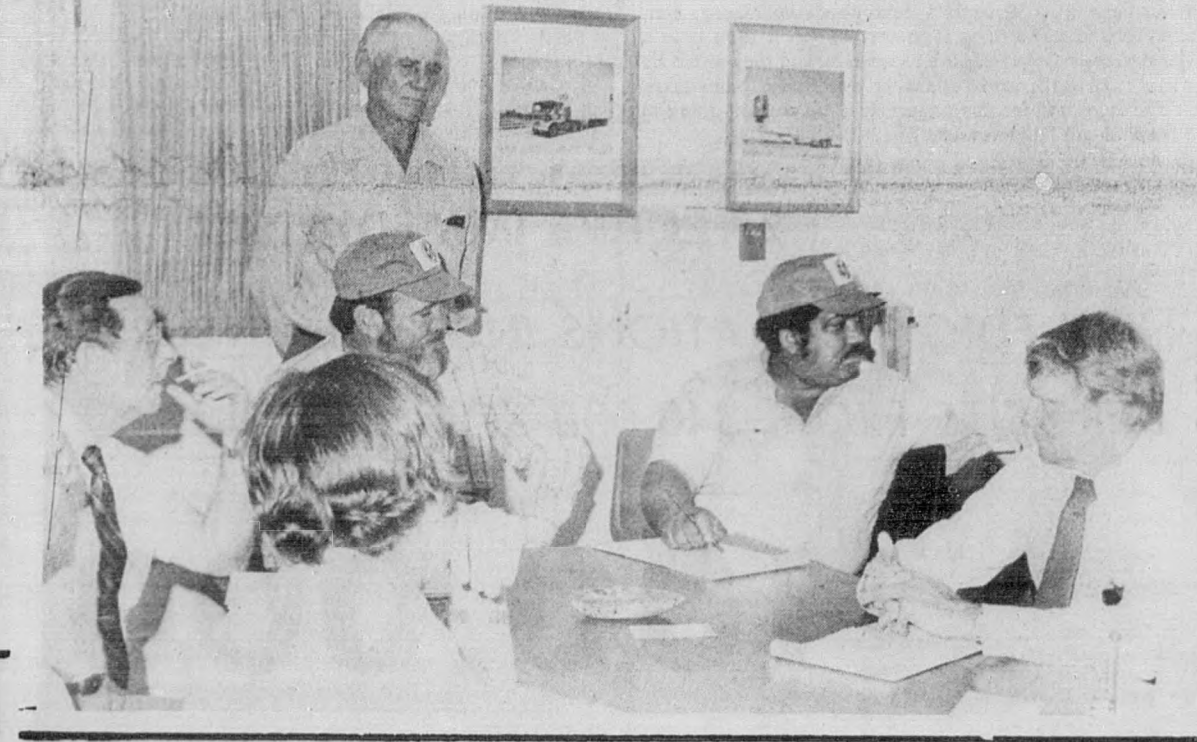

Elba Officials Work For Special Grant

Elba officials are working to get a "Pro-Action" grant. This grant is to hire and train young workers from age 16 to 19 and is a part of the CETA program. In the photo Elba officials are meeting with CETA officials, engineers and others to work out the detail of the application. Four cities in the US will be funded and Elba is one of ten selected to apply for these monies. The funds were originally to train power plant operators but can also be used to train youth to construct and maintain recreation facilities, etc.

When youths are hired and tested they are scheduled for any formal schooling needed. This schooling will be done at Elba High School as will training in such things as welding, etc. The grant will be for a minimum of

\$303,000 for two years or more but the application will request more. Requirements are that at least 65% of the funds go directly to pay labor including a manager and supervisors.

Attending this meeting last Wednesday afternoon were engineers Tom Bristow, William Qualls and Phillip Roth; Hugh Dickenson and Dennis Hopper of CETA; J. Doug Kendrick, school board member; Robert Earl Williams and Larue R. Kelley, LL1769 union members; John Sharpless, councilman and Bob Folsom Elba mayor; Jack Prescott City Clerk. The application deadline is May 9th and according to Prescott all agencies involved seem to be happy to help with the application.

Elba Fireman Assist New Brockton

Elba firemen relieved a call late Saturday to assist the New Brockton fire department with a rural fire. However when firemen arrived the home of Josephene Kelley was engulfed in flames and was a total loss.

Jail Suit Again Before Judge

The Coffee County Commission met in regular session on Monday, April 28, at the courthouse in Enterprise, and heard County Attorney Warren Rowe remind them of an upcoming date with the Circuit Court.

"There will be a hearing for a progress report on the court order to build a jail in Enterprise on May 20 at 10:00 a.m.," said Rowe, "and we will inform the judge we are moving forward in an orderly manner and that progress is being made to comply with the court order."

Monday's meeting lasted only two hours, but was very active. The meeting's first visitor was Mr. Luther Hickman, a resident of District 4, who wanted an old road to be given back to him.

"When the new road was paved near my home," said Hickman, "the old road was straightened out, which means a portion was left out. The new road has been completed for 12 to 14 years, but I still haven't gotten back the land I gave for the part of the road that was abandoned. I don't think it will do anyone else any good."

County Engineer Leslie Mullins stated the county had no need for the land and agreed it should be returned to Mr. Hickman. The Commission agreed to deed the land back to Hickman.

Before leaving, Hickman added, "The large gully near the road needs a fence and a 'No Dumping' sign because it is being used as a dump. The trash will eventually fill the gully and create water problems."

Engineer Mullins stated he would put up the sign and reported the Forestry Department had plans to burn

the trash.

The Commission is not certain what help it can give, but they pledged to approve whatever is required to help the "S-Star Fire Department" become incorporated. The rural fire department will serve the communities of Chestnut Grove, New Hope, Reeton, Tarentum and Victoria, and needs to become incorporated for legal purposes.

In other action at Monday's meeting, the Commission:

***was invited to attend Open House at the Youth Services Detention Home in Dothan on May 2, at 2:00 p.m.;

***concurred with the local Economic Committee's plans for Southeast Alabama Regional Planning and Development Commission;

***instructed Engineer Mullins to order \$992.04 in road signs to replace signs destroyed by vandals;

***agreed to lease a tractor for 90 days (with an option to buy) to pull a low-boy trailer;

***appointed a committee to inspect a new subdivision in Enterprise and make a list of needed improvements before the county accepts the area;

***read a letter from the State informing them the money to resurface part of the upper Fish Pond Road had been used and the project would be delayed;

***authorized Commissioner Rex Boutwell to attend a meeting in Montgomery on April 30 - May 1;

***went into "Executive Session" to discuss a raise and promotion for Pete Stephens (raise to \$450 bi-weekly and promotion to shop foreman);

***appointed Mr. Wilmer Ezell as Energy Control Coordinator for the county government and authorized him to attend a one-day workshop in Montgomery on May 14;

***approved fixing an air conditioner at a cost of \$250;

***took no action on a request to offer a discount on garbage pickup for disabled citizens;

***delayed until May 12 in making a decision to renew a maintenance contract at the Farm Center;

***instructed Commissioner Max Reeves to find out why the leak in the roof at the Farm Center's office complex hasn't been fixed;

***agreed to give old garbage bags to the sheriff for use at the jail;

***okayed space in the Forestry Department office for an office for a new wildlife agent;

***discussed letting the District Attorney's secretary use the ladies lounge in the Enterprise courtroom for an office;

***agreed to haul 25 loads of dirt to the Kinston football field;

***and took no action on work to be done on a Wilkerson Watershed project.

Water Discussed

The Elba Water & Electric Board met Monday night in a special meeting to discuss with FHA officials the long-planned expansion of the Elba water system to serve citizens outside the city limits.

Chairman Charles Hayes reported that government officials told the group that Elba is now eligible for some grant funds but none are available. He pointed out that only 90 days remain to accept the FHA loan for the entire amount and that engineering experts point out that waiting for an unknown time for a 50% grant could cause the project cost to increase to the point that even half is as much as the total project is now.

No action has been taken on the continuing, or dropping, the project.

MAY

COLORED BACKGROUND

BRAINSTORMS

WITH FERRIN COX

Eating turnips or anything that needs pepper sauce is better right now at our house than it has ever been. . . ever. Robert Marsh takes pride in making a good pepper sauce, and we recently challenged him to put his sauce where his mouth was - and he did - and it is. Don't sample this stuff unless you like it really hot, and then sparingly, 'cause it has a way of settling in for the duration and can get uncomfortable for tender mouths. We happen to like it hot, hot and hotter, and are really thrilled over the proof Robert furnished.

All the talk for the last week has been about the failure of the mission to rescue the hostages in Iran. We have an opinion on this, as on everything else, even though none of us now know the full story and probably never will know all of it. The idea of slipping in the confusion and being gone before the action was noticed is exactly the way we oldie used to have suggested. . . so I can't fault this part. The use of people already inside Iran to secure vehicles, hiding places, etc., is a necessity. We do fault, however, someone's bad judgement on taking the helicopters on that long a flight without enough backup. We knew sand and heat were death to helicopters during my military days in Army Aviation 25 years ago. Helicopters used in the atomic tests out West had to be completely rebuilt. . . I know from personal experience. The helicopters used when our troops went into Lebanon in 1958 had to be completely rebuilt. . . I know and so should the military leaders of our country. We question why the helicopters were not ferried into Iran inside Air Force transports, their blades unfolded and then flown on the balance of the mission (with sand screens over the engines).

The resignation of Cyrus Vance over the rescue attempt has made him some sort of a hero for disagreeing with President Carter. We need to remember before we call him such a hero that this is the same man who "hammered" out the SALT II treaty with the Russians! The American public didn't buy the SALT agreement, and while we respect Vance, this writer doesn't like to continually be stepped on by all the outlaws of the world.

The Elba Band Day last Saturday was a big success, much to the relief of those in charge of the event and responsible for raising the necessary money. This Saturday, both Zion Chapel and New Brockton are planning special days to raise the necessary finances.

The headlines of the daily newspapers this week have been carrying shocking reports that the Alabama Legislature is running out of time to pass the education budget and the general fund budget. We predicted weeks ago that the lawmakers were entirely too far apart on their thinking for these bills to pass in this session of the legislature. Governor Fob has made some mistakes, but all the blame is not his, as the lawmakers themselves have their own ideas of what is right. . . and they should.

The hospital is another step closer to getting funds for expanding. Tuesday night the City Council discussed the necessary changes in the sales tax law that will satisfy the Feds on loaning us the \$5 million. The discussion wasn't without debate, as ideas of a depression, no money, etc., floated around. The thing is, however, that if Elba is in a major depression, the Feds are in one also, and they would be the best folks in the world to ask for more time. Sales taxes won't be increased for this project, just the amount going to the hospital will be increased.

WEEKLY POLICE DOCKET

THE ELBA CLIPPER

The Elba Police Dept. reports a busy week, but a week with an unusually low number of arrests. Arrests were made for public drunkenness (2) and wreckless driving. Following is the police report for the week of Tuesday, April 22 to Tuesday, April 29.

TUESDAY, APRIL 22

4:11 p.m. - Woman caller reports a minor wreck in front of Martin's Store, in downtown Elba.

4:41 p.m. - Lady at Mullin's Apartments calls to report a drunk, black man was lying in her yard.

5:42 p.m. - Male caller reports subjects are climbing over fence at Mulberry Hts. pool.

9:09 p.m. - Security officer reports door open at Auto Mechanic's building at school.

WEDNESDAY, APRIL 23

12:45 p.m. - Nurse at Elba General Hospital requests Rescue Squad transfer a patient to Dothan.

9:12 p.m. - Woman caller reports a car on fire on Hickman Avenue.

9:23 p.m. - Woman caller requests Rescue Squad at neighbor's home on Smith Avenue.

THURSDAY, APRIL 24

11:00 a.m. - Elba Rescue Squad called to transfer a patient to a Dothan Hospital.

12:43 p.m. - Employee at Skinner's Furniture request police check on company's truck. States log truck was passing truck and log hit windshield and broke it.

3:29 p.m. - Man reports controlled burning on County Road 25.

3:56 p.m. - Unknown caller reports a minor wreck at Post Office (\$250 damage).

5:55 p.m. - Nurse at Elba General Hospital requests Rescue Squad.

3:18 a.m. - Nurse at Elba General Hospital calls to request police at emergency room to check on wreck victim.

9:38 a.m. - Man reports a car at his home is acting funny, requests police to check on it.

2:30 p.m. - Unknown caller advises she will be cleaning in Dr. Crook's office for 2 hours.

3:35 p.m. - Elba High School principal reports someone broke into school and stole an amplifier.

4:40 p.m. - Woman caller

transfer a patient to a Dothan Hospital.

9:03 p.m. - Man on Jones St. calls police and requests they come to residence to stop people from walking across yard.

FRIDAY, APRIL 25

12:04 a.m. - Man has reported been shot, and woman caller requests police and Rescue Squad near Temple Church. Man was shot in stomach and leg with .45 automatic, and was transferred to a Dothan hospital.

12:09 a.m. - Woman on Bourbon Street reports a man is shooting a gun.

6:45 a.m. - Woman caller on Dintman Street calls to report she has been assaulted by her husband, and has extensive injuries.

2:50 p.m. - Lady caller requests police at her home, subject is causing trouble.

6:20 p.m. - Woman caller reports receiving an obscene phone call.

6:45 p.m. - Man calls to report a car has broken down at Bradshaw's Grocery and subject is using obscene language.

8:10 p.m. - Caller reports subject is passed out in Piggy Wiggly parking lot.

11:07 p.m. - Unknown caller requests Rescue Squad at his home on Brunswick Circle.

11:31 p.m. - Unknown caller requests police at laundry on Jones Street, reports loud yelling and cursing.

SATURDAY, APRIL 26

3:18 a.m. - Nurse at Elba General Hospital calls to request police at emergency room to check on wreck victim.

9:38 a.m. - Man reports a car at his home is acting funny, requests police to check on it.

2:30 p.m. - Unknown caller advises she will be cleaning in Dr. Crook's office for 2 hours.

3:35 p.m. - Elba High School principal reports someone broke into school and stole an amplifier.

4:40 p.m. - Woman caller

SUNDAY, APRIL 27

1:52 a.m. - Male caller reports a wreck on Old Samson Road.

11:40 a.m. - Man reports controlled burning on 84 East.

3:03 p.m. - Unknown caller requests Rescue Squad at home on Jackson St.

4:33 p.m. - Unknown caller reports a suspicious man in a blue Monte Carlo in Dairy Queen parking lot. Caller advised subject will follow his car and pull up beside their car.

10:02 p.m. - Mayor tells police to check on all vehicles around airport.

10:16 p.m. - Unknown reports a car full of black people was parked in road on 84 East.

11:22 p.m. - County jail's jailer advises a disturbance outside of gate.

9:00 a.m. - Male caller reports a door on old O.K. Tire building has been damaged by a car.

9:41 a.m. - Woman caller reports finding a toy sprinkler in her yard.

4:20 p.m. - Woman caller reports someone has slashed a tire on her car while it was parked in driveway.

5:10 p.m. - Unknown caller reports a black Toyota occupied by 3 subjects is doing bad driving on Court Avenue.

7:44 p.m. - Policeman is in hot pursuit of silver and black Mustang, stops it in Victoria.

10:18 p.m. - Unknown caller reports a car is doing bad driving on Jones St.

TUESDAY, APRIL 29

5:13 a.m. - Unknown caller

Mental Health Group To Meet

The Coffee County Mental Health Association will meet Tuesday, May 6, at 7:30 p.m. at Elba Floor Covering on Rucker Blvd. in Enterprise.

The public is invited and urged to attend the meeting and work to improve the quality of life for Coffee County.

Cystic Fibrosis Bike-A-Thon Sunday

"Keep the wheels turning for Cystic Fibrosis!"

The Bike-A-Thon for CF will be held this Sunday, May 4, from 2:00 until 5:00 p.m. It will begin at the courthouse square and continue for 8 miles.

The top two collectors of sponsors will receive a ten-speed bike. All who have \$25.00 or more in sponsors will receive a T-shirt.

Bring your sponsor sheet with you Sunday. If you are under 18, you MUST have your parent's signature to ride.

See you there!

BY: KRIS SCARBOROUGH

There is much ado these days about eating only those foods which contain polyunsaturated fats. Why? Because medical studies have shown that a high cholesterol diet will cause a narrowing of the coronary arteries, the vital lifelines of the heart.

Medical authorities have recommended that individuals refrain from eating foods which are high in saturated fats. It is believed that narrowing of the arteries can be avoided by eating foods which are low in cholesterol, such as those made with polyunsaturated fats.

Stock up on medical supplies for your medicine cabinet. We carry a complete line of pharmaceuticals. Every prescription is filled by a registered pharmacist.

MEDICAL ARTS PHARMACY
1190 Highland Dr. - Elba - 897-2511

Band Day Activities

By: Sandra Mobley

If you're looking for something to do this Saturday, why don't you come to Zion Chapel for Band Day. You can find most anything to do.

There will be arts and crafts exhibits, a rummage sale, and a variety of games for young and old alike. The advanced biology students will have a booth set up to check your blood pressure free. There will be a dunking booth with Coach Lindsey and Coach Collins participating. People from Fort Rucker will have exhibits set up. They will land a helicopter at ten o'clock. They will perform one airshow at eleven o'clock and another one at one o'clock.

When you get tired you can go by the concession stand and buy a snack and something to drink. Then you can sit down and listen to some live music from The Jacob's Family, The Joy Singers, The Dixieland Swingers, or the group featuring our band director Randall Myers and Coach Lindsey, and other groups. Bar-B-Que plates will be on sale starting at eleven o'clock. They will be \$2.50 each. A Sweet Shop will be set up. It will be full of homemade ice cream, candy and cake.

There will be a drawing for a 1972 Impala Chevrolet. Tickets are on sale now for \$1 each. See a band member to get yours.

WKM from Enterprise and WELB from Elba will be here broadcasting live.

WKM will be here from twelve until two, and WELB will be here from one until three o'clock.

Activities will begin at ten o'clock and end at three o'clock. Bring the whole family for a day full of fun.

Wings Of Love

You came into my life
When I felt I had nothing left to give.
You showed me how to love,
And you showed me how to live.

No, because of you,
I have left my past behind.
And because of your smile
I know that tomorrow,
My sun will once again shine.

You wanted to show me the way.
To live, laugh and love again.
Knowing all the while, that,
My love was the only way I could repay.

You asked for my trust,
And I took the risk.
Now at the closing of each day,
It is your love that I now miss.

Now hand in hand,
We'll walk the miles,
We'll share the love,
We'll share the smiles.

With the help of God above,
(And He will make us see.)
On the wings of love,
We will always be.

I love you this moment and,
I will love you forever.
I only pray that your love for me,
Will be all the better.

Powder Puff Football

The Zion Chapel Z Club met last week and decided to sponsor a girls football game. All the proceeds will go to the Z Club organization. The game will be Thursday, May 3, on the ZC football field.

Zion Chapel's Special Olympics Team.

Zion Chapel's Blue Ribbon winners at the Special Olympics were: Jamie Gentry, Sawyer, Lee Gideon, Kevin Walkers, and Wynette Jackson.

Special Olympics Held

By: Mark Sanders and Sherry White

On April 19th, 1980 several students from Zion Chapel participated in the District Special Olympics held at Fort Rucker.

The purpose of the Special Olympics is to give each child an opportunity to compete and win. It also teaches the students sportsmanship. The Special Olympics oath is "Let Me Win, But I'll Not Cheat, Let Me Be Brave in the Attempt."

All students enrolled in the resource classes are eligible. In order for them to participate they must have permission from their parents. They are then divided into two separate events. The results of these events are then sent to the district coordinator. The district event is made up of these type entries.

Everyone who enters receives a green participation ribbon for his or her effort. Blue, red and yellow ribbons are awarded for first, second and third place finishes.

Here are Zion Chapel's place winners: Lisa Hartzo, 2nd place-softball throw; Eric Sawyer, 1st place-broad jump and 2nd place-50 yard dash; Charles Cole, 3rd place-50 yard dash; Mark Grimes, 3rd place-softball throw and 3rd place-frisbee; Lee Gideon, 1st place-softball throw and 3rd place-50 yard dash; Paul Cole, 3rd place-softball throw; Wynette Jackson, 1st place-softball throw; Brenda Grimes, 3rd place-softball throw; Shelia Fair, 2nd place-softball throw and 3rd place-broad jump; Eric Sawyer, 1st place-broad jump and 2nd place-50 yard dash; Charles Cole, 3rd place-50 yard dash; Mark Grimes, 3rd place-softball throw and 3rd place-frisbee; Lee Gideon, 1st place-softball throw and 3rd place-50 yard dash; Paul Cole, 3rd place-softball throw; Wynette Jackson, 1st place-softball throw.

Today, your home may be brand new. But there's no guarantee it'll be standing tomorrow. And because of that, you have to be prepared. Just in case.

Your Cotton States insurance agent can help you prepare. By working hard to make your insurance work hard for you.

Find out more about our comprehensive homeowner's insurance. Then don't leave home without it.

New Cheerleaders Hard At Work

The 1980-81 varsity cheerleaders, sponsored by Mrs. Debbie Carlie, are off to a fantastic start. Tryouts were held April 10, and since then they have begun practice. They have been working hard perfecting old cheers, double stunts, pom-pom routines and pyramids. This July they will attend Auburn University Cheerleading Clinic where they will learn new cheers, stunts, pom-pom routines and pyramids for the upcoming year. Look out for the 80-81 EHS cheerleaders - they are going to be winners! Serving as cheerleaders for the 1980-81 school year will be Beverly Boutwell - Captain, Cressandra Williams, Diane Bedsole, Patricia Daniels, Donna Haley, Cynthia Ware, Lynn Mills, and Gloria Williams - Mascot.

Library Council Attends District Meet

On Thursday, April 17, 1980, a delegation of members from the Elba High School Library Council attended the district meeting of the Wiregrass Library Assistants Association. The WLA meets on a rotating basis at local member schools. This year's meeting was held at Headland High School.

Upon arriving in Headland, the posters and exhibits of EHS Library Club members were displayed, along with those from other schools. Categories for competition included Scrapbook, Talent, Poster, Exhibit, Costume and Attendance.

After a registration period, the first general assembly opened with a devotional, welcome address and the introduction of guest speakers, Dr. and Mrs. Daniel Gray of Enterprise.

Next the president called the group into a business session. After the reading of the minutes, roll call of member schools and a treasurer's report, campaign speeches were given. The steering committee member from each school tallied his group's votes and met with the entire steering committee to total votes.

After a short break, the second general assembly began. This segment included the costume and talent contests. Next the judges were introduced. Mrs. Calhoun, club sponsor, served as a judge for the talent contest. All winners were announced and ribbons given out. In closing, Principal S.M. Singleton of Headland High School installed the new slate of officers. The meeting was adjourned.

For the past several weeks, three dedicated seniors - Mark Clark, Todd Westbrook, and Alan King - have assisted Mrs. Debbie Carlie in sewing new curtains. The old curtains were tattered and torn, and in desperate need of being replaced.

Now, thanks to Elba's dedicated students and teacher, we have new curtains. The students of EHS should be proud of these curtains and take care to see that they are not abused.

Dale Stinson Wins In VICA Contest

Congratulations to Dale Stinson who placed 1st in the State VICA Welding Contest. This is a high honor and reflects a great deal of work and skill attained. Dale competed against the best high school welders from each of the ten districts in Alabama VICA. He will represent Alabama in welding at the National VICA Skills Contest in Atlanta in June. The Elba High chapter of the Vocational Industrial Clubs of America (VICA) sent eight student members to the State Conference and Skills Contest held April 18-20 in Birmingham, Alabama. The students stayed at the Hyatt House Hotel where the conference took place. The contests were held in various technical schools and businesses in the Birmingham area. There were approximately 1,500 students and advisors attending from throughout Alabama. The theme of the conference was "VICA - America's New Professionals." Dr. Robert Carter, State Vocational Education Director, addressed the group on this theme Friday night.

Three dedicated young ladies served as bat girls for the baseball team. They were Tammie Ashe, Tami Mallory, and Lisa Bowers.

Baseball Team Completes Season

The 1980 Elba High School baseball team recently completed the season. The team played 10 games and competed against area rivals. Although the team only won 1 game, each player worked long and hard, and deserve a note of praise.

This year's team members were Danny Bailey, Derrick Boutwell, Troy Brown, Scotty Farmer, Eberidge Gunnells, Greg Hudson, Jamie Hudson, Emanuel Magwood, Wayne Parker, Dennis Smith, Ken Stacey, Ronnie Stokes and Connie Whitehead. Bus Driver, Mrs. Long, served with Mrs. Calhoun as adult sponsors.

Mr. Alpha Theta Meets

The EHS Chapter of Mu Alpha Theta held its monthly meeting on Thursday, April 17, in the library. The meeting was called to order by the president, Mr. John Lowery, public accountant. Mr. Lowery presented an informative lecture on accounting and requirements thereof. The club presented him with a small token of esteem and the meeting was adjourned.

BAND DAY HUGE SUCCESS IN ELBA

Best ticket sellers were recognized by the band. They are, from left - Herbie McCall, Vonda Marier and Tiffany Harper.

The Band Boosters are sincerely grateful for the support given us on Band Day. Through the financial and physical help of the people of Elba and surrounding area we were able to exceed the goal of \$8,000 which had been set for the day. This money will be used to help pay for new uniforms which will be available for the Marching season 1980.

There is no way of determining the total hours of planning and practice that are necessary for a band's performance. So much is done in the minds of the directors and on paper before a show is ever presented to the students. The support given by you on our special Band Day is evidence of your interest in keeping our program a superior one. The students involved recognize it as a challenge and will rise to meet it.

Thank you for your interest and continued support.

Carolyn Brunson, Pres.
Elba Band Boosters

Representative Jimmy Holley did his part on the dunking machine. There was no shortage of folks willing to pay for a chance to see Jimmy hit the cold water. Shown above taking a shot is his son, Johnny, who made good on his promise to "dunk daddy a bunch of times."

A color picture composite of all the band members was on display Saturday, and is shown here with just a few of the many trophies won by the Elba band.

Bingo was enjoyed Saturday, with band members themselves joining in the fun every chance they got.

Auburn Workshop Held

Participating in the Seventh Annual Workshop on Aging which was held in Birmingham last week was La Rue S. Dunaway from Elba.

The workshop, jointly sponsored by the Alabama Commission on Aging, the Auburn University School of Home Economics, provided training and learning opportunities for personnel employed to work in programs sponsored by the State of Alabama Commission on Aging.

American Lung Association News

The cigarette companies are worried how dramatically public attitudes toward smoking are changing. And they are plotting strategies to protect their multi-billion dollar industry.

A survey conducted for the companies by the Roper Organization found that

The cigarette companies are upset that the report has been released to the general public, and they are suing the Federal Trade Commission.

The survey found there is already majority sentiment for separate smoking sections in all public places they

who smoke cigarettes is at the lowest level measured in the past ten years, the report found. And there is widespread support for anti-smoking education in the school, and at the very early years.

To combat such attitudes, the report suggests some short-range tactics. To divide and conquer nonsmokers, the report proposed cutting a wedge between those who are "relatively unexcited" about the secondhand smoking issue and labeling others the "antismoking zealots." The "zealots" could be portrayed as "fuma-

phobes" who suffer an unreasonable fear of cigarette smoking, the report suggested. The cigarette industry has already used this divisive tactic in a series of double-page, full color ads that have appeared in national magazines.

To find out the facts about firsthand and second-hand smoking, contact your American Lung Association of southeast Alabama-The Christmas Seal People, at Box 904, Dothan, Ala., 36302. They are trying to save lungs and lives by creating a smoke-free generation. Because it's a matter of life and death.

A recent visitor to MacArthur Tech was Dale Brooks of Elba. Dale has been employed by a special runnagge sale. If you have any runnagge items to donate please call 735-3418, 897-5560 or 897-5802. They will also be on hand to sell raffle tickets for a 1972 Chevrolet Impala which will be raffled off at the end of the day. You do not have to be present to win.

Band Day Scheduled For Saturday May 3rd At ZC

The Zion Chapel Band Boosters Club has scheduled May 3, 1980 as Band Day at Zion Chapel School. We are planning this as a family fun day with something arranged for every member of the family. We hope your family will come and enjoy the day. There will not be an admission charge for any of the events or entertainment.

We are featuring live entertainment with a barbeque set scheduled for each hour. The entertainment will include gospel, bluegrass and jazz music. There will also be helicopter display including a rappelling performance.

A special feature that will be enjoyed by everyone will be the dunk tank which will be manned by all the favorite teachers from Zion Chapel School. Softball games will be played by anyone who wishes to join in the games.

For those who prefer a milder form of exercise bingo games will be available. There will be a blood pressure check for everyone who wishes to use it.

Arts and crafts exhibits will be on display for you to browse through at your leisure. A wide variety of crafts will be present. For anyone who wishes an application blank for the arts and crafts please call the following numbers for information. 897-6762, 897-5802, or 735-3418.

The band members will be taking an active part working during the day. They will be in charge of a special runnagge sale. If you have any runnagge items to donate please call 735-3418, 897-5560 or 897-5802. They will also be on hand to sell raffle tickets for a 1972 Chevrolet Impala which will be raffled off at the end of the day. You do not have to be present to win.

A pork barbeque is planned for lunchtime. There will be several concession areas which will include a sweet shop and home made ice cream. Soft drinks and other snacks will be available.

We hope you will come to our band day and help us support our band and our projects. We are currently in the process of selecting our uniforms and forming our color guard. Without the support of our whole school and community this would not be possible. Please remember us on May 3rd and come out any time between 10:00 a.m. and 3:00 p.m. Please keep your radio on as WELB and WKMX will be on hand during the day to broadcast the festivities while they are taking place. (Zion Chapel Band Boosters)

Hornsby Honored By Company

Jimmy Hornsby, State Farm Insurance agent in Elba, has been designated a member of the Legion of Honor, one of State Farm's most prestigious recognition groups. Jimmy has been a State Farm agent for 16 years and is the Senior Agent in Coffee County.

To qualify for the Legion of Honor, a State Farm agent must achieve high quality standards in all aspects of the business, providing his capability to meet policyholders' needs in all lines of insurance.

Jimmy was recently honored at the National Convention in Las Vegas, Nevada, and he and his family will be honored at the Alabama State Convention in Gadsden, Tennessee, in August. State Farm provides insurance protection through exclusive, self-employed hometown agents, like Jimmy Hornsby, who provides auto, life, fire and health insurance coverages and services.

The Men's Softball League is off to a hot start, with plenty of action taking place in every game. The League will try something new this season and I think it's a good idea! At the midway point in the season, the League will be divided into two divisions, with the teams being split based on their records. The top 7 teams will then play the other teams in their division twice, and the lower 7 will play only the teams with lower records. Champions will then be crowned in each division!

I think the idea is good because some teams simply can't compete with the League's stronger teams, and this way the teams with bad records will have new life. The new system will mean more closely played games and bring back a feeling of competition.

Speaking of softball, there were two deaths involved with softball games last week across the nation. In Greenville, South Carolina, two teams were playing and an umpire made a disputed call. A man ran on the field with a knife, and a man in a dugout pulled a pistol. A fight ensued, with shots exchanged, and an umpire was shot to death. The second baseman was attacked with a bat, and received a broken jaw, broken shoulder and broken nose.

The other death took place down in Mobile, Alabama, where a spectator was killed when struck in the head with a bat. The victim was struck when he challenged a call made by an umpire!

I guess our league ain't so bad after all!

The Dixie Youth and Babe Ruth baseball leagues start next Thursday night with a pair of doubleheaders, and I expect both leagues to have good seasons. Come out on opening night and support your favorite team.

Got to go.....

Elba All-Sports Banquet Set

For May 13

The student-athletes of Elba High School will be honored on Tuesday, May 13, when the Elba Athletic Club holds its annual "All Sports Banquet."

The banquet will start at 7:30 p.m. and will be held at the Elba High Cafeteria. The guest-speaker will be Jim Tompkins, an assistant coach at Troy State University. For more information call 897-2266.

King Cotton Horse Show

May 10

The Edison Lion Club, Edison, Georgia, has announced that their 13th annual King Cotton Charity Horse Show will be held at the Edison Lion Club Horse Show Grounds, May 10, 1980, at 2:00 p.m. The Lion's Club has a permanent showgrounds, excellent lighting, parking facilities, a new building housing the concession stand, and large restrooms.

The show is affiliated with the National Walking Horse Registry Committee. For information, contact Reeves Lane or Billie Lane, Lane Drug Company, Edison, Georgia, phone (912) 835-2211; J.W. Eubanks, Morgan, Georgia, 31766, phone (912) 849-2185.

The modern game of golf was first played in the U.S. on a three-hole course in Yonkers, N.Y.

IF YOU CAN AFFORD A NEW CAR BUT NOT NEW-CAR INSURANCE...

CONSIDER CUSTOM AUTO.

Have you been waiting to buy a new car but not getting a new car because of the high cost of new-car insurance? Do you feel the above description fits you? Then, before you go shopping for a new car, stop by our office and let us show you the new Custom Auto Insurance Plan. It's called Custom Auto Insurance. It's a new rate-making system that could save you money on your auto insurance if the car is new and if you have a better-than-average driving record and habits.

Specifically, we're looking for drivers who have had a good driving record for the past three years. Drivers who use their cars for pleasure and light commuting. And...

Monday, May 5
7:00-Auto Sav vs. Zion Chapel
(All games played behind school)

State Parks System Starts New Free Phone Registration

The Alabama State Parks System has initiated a new toll-free telephone registration service. Parks Director William H. Ingram announced recently.

This free, centralized reservation service replaces the old system of calling each park separately for cabin, campground or motel reservations. Under the new system, a person wishing to make reservations in any state park need only dial 1-800-392-5832 if calling from outside of Montgomery, or 832-5204 if calling within Montgomery. These numbers may be reached from 8 a.m. to 5 p.m. Monday through Friday.

This is one of the new innovations Ingram has implemented since he was named State Parks Director a few weeks ago. This program is designed to serve the public better and to make the state park system more accessible to the general public.

Ingram said he was amazed at the number of Alabamians who were not even aware of the fantastic recreational opportunities and facilities available to them in the state park system.

The 21 state parks of Alabama are located from the Appalachian Mountains in the north to the Gulf Coast beaches in the South. The state parks system offers various overnight accommodations consisting of 152 vaca-

1-1, Elba Exchange Bank 1-1, Cash Trailers 1-2, NASCO 1-2, Hospital 0-1, The Heights 0-2, Work Release 0-3 and Elba Packing 0-4.

PEOPLE'S BANK 22-19-1 NASCO 0-2-6 The People's Bank broke loose to score 9 runs in the opening-inning and coasted to a 22-0 win over NASCO. Bobby Kinsaul collected 3 hits to pace the Bankers, while Lanny Griffen, Skip Rainer, David Bandstra and Kenneth Pope all got 2 hits. Ken Reeves got a double for NASCO.

ZION CHAPEL 14-13-5 CASH TRAILERS 4-7-3 Zion Chapel broke loose late in the game to bury Cash Trailers 14-4. Bruce Nelson and Keith Fuller both got 3 hits to pace Zion Chapel, while Jeff Bouwell got 1 hit and scored 2 runs for Cash Trailers.

THE HEIGHTS 7-8-7 Zion Chapel led all the way to post an easy 17-7 win over The Heights. Jerrel Flowers, Rex Marler and Keith Fuller all got 3 hits to spark Zion Chapel, while Sammie Smith got 2 hits for The Heights.

DORSEY 20-15-0 NASCO 2-6-9 Dorsey Trailers used a big 10-run outburst in the third-inning to propel them to a 20-2 victory over NASCO. Tony McKinney, Glenn Thompson and Earl Natchall all got 3 hits to pace Dorsey, while Craig Smith and Dock Johnson had 2 hits apiece for NASCO.

PEOPLE'S BANK 17-18-3 ELBA HOSPITAL 7-8-4 The People's Bank scored 5 runs in the opening inning and breezed to a lopsided 17-7 win over the Elba Hospital. David Bandstra collected 3 hits to lead the Bankers, while David Haley, Bobby Kinsaul, Dean Smith, Skip Rainer and Jeff Wise all added 2 hits. Ken English and Joe Simmons both got 2 hits for the Hospital.

PEOPLE'S BANK 17-18-3 ELBA HOSPITAL 7-8-4 The People's Bank scored 5 runs in the opening inning and breezed to a lopsided 17-7 win over the Elba Hospital. CARE OF UPHOLSTERY

Regular care for your upholstered furniture keeps it attractive and extends its usefulness.

Brush or vacuum the upholstery regularly so dust and soil don't get into the fibers.

If you're going to clean the upholstery with a shampoo or solvent, pre-test it first in an inconspicuous spot. Then check for discoloration, shrinkage or other surface change. Some carry a label with helpful cleaning instructions.

Use all cleaning agents sparingly, with minimum wetting of the fabric. After cleaning, remove remaining soap by wiping the entire fabric surface with a clean, dampened cloth. Soap left on the fabric tends to coat it and makes the fabric finish less effective.

When the detergent has been thoroughly rinsed away, and the fabric is completely dry, you may wish to re-treat your fabric finish, especially in the major-wear areas. Be sure to follow the instructions on the label.

AIR CONDITIONERS
If you're like most people, the first time you tested your air conditioner for the summer was the day it got hot. If it didn't work, you probably called for a service technician, went out to buy a new one or suffered.

Service technicians, of course, are very busy with other calls when the weather arrives. And the stores expect you to get ahead for the summer rush and help your air conditioner work more efficiently.

Trim bushes and shrubs. Free air circulation around your air conditioner is essential to good performance. Check the filter. Just as bushes restrict air flow on

the outside, a dirty filter restricts it on the inside. Be sure to clean the filter and check it about once a month for the entire cooling season.

And check the coils, inside and out. Dirt accumulation on the coils reduces efficiency. Such accumulation is most likely to occur on the outside coils.

AWAY FROM HOME MEALS
In the near future it's predicted we will be eating half our meals away from home. Many of these meals will be eaten in fast food restaurants.

The results of a recent nutrition study of foods served at fast food chains show the foods do contain some nutrients. Therefore, we shouldn't use the term fast food as synonymous with junk food.

The main problem with most fast food meals is completely dry, you may wish to re-treat your fabric finish, especially in the major-wear areas. Be sure to follow the instructions on the label.

When the detergent has been thoroughly rinsed away, and the fabric is completely dry, you may wish to re-treat your fabric finish, especially in the major-wear areas. Be sure to follow the instructions on the label.

County Farm Agent

TOM CASADY

CHEMICAL HELP

I do my best to keep up with the very best recommendations for weed and grass control in peanuts. For example, if you will tell me the weeds which give you the biggest problem, I can give recommendations for cracking time or later applications of herbicides.

I also keep up with soybean recommendations. For example, growers who have a lot of crabgrass, coffee-weed and beggarweed will probably want to use a mixture of Treflan or Sencor or Lexone. Incorporate before planting. Sencor and Lexone are identical materials made by different companies. Either of these will do probably the best job of any herbicide to prevent coffee-weeds.

Let me know your weed problem, and I will help you.

PROFESSIONAL HELP
Norm Kinney, registered forester in Ozark, is assisting landowners in this county in timber management. He specializes in timberland management, including tree planting and timber sales.

Several owners have asked me for names of foresters they can hire to help them. I have a list of foresters available to help landowners in the area. Wayne Roberts and Bob DeVaughn of the Forest Rangers Office here in New Brockton will assist small landowners in timberland management.

There is a great opportunity for improving timberlands in this county. Take advantage of all available help to make your timberlands more productive. There is a vast amount of work which needs to be done!

SOYBEAN VARIETIES
Farmers planting soybeans will be interested in knowing the recommended varieties for the different planting dates.

Dr. John Henderson, our soybean specialist, recommends Davis, Centennial, or Coker 156 if you are going to plant now and in early May. If you are going to plant from mid-May on out, use early June, use the Bragg or Ransom. For late June use Hutton, Cobb or Coker 448.

Do not plant the Bedford or Forrest varieties in Coffee County or south of Coffee County. They are too early for this part of the county.

LAWN WEEDS
Dan Presley gave me a tip on how to control weeds in your lawn. Quite a few weeds are growing rapidly in lawns in the county. In a few more days they will make seed heads and you will have the same problem next year. One way to prevent an excess weed buildup in the lawn is to mow your lawn before these weeds get mature.

Another way is to use Balan granules the first week in October and the first week in February at the rate of 2-3 pounds per 1,000 square feet. This will keep a lot of weed and grass seed, including Bahiagrass seed, from germinating. You can also spray existing weeds. They are easy to kill when small.

MULCHING
Would you like to know how to conserve moisture and control weeds at the same time in your garden? Mulching is the answer.

You can mulch your tomatoes, peas, beans, squash, okra, and other vegetables easily. A lot of good gardeners use leaves, pine straw, or bark. Old hay is risky because you might bring in undesirable seed. Peanut hulls work fine if you are careful not to bring in nutgrass and other undesirable weeds. Sawdust works beautifully, and also shavings, chips or lawn clippings.

How deep do you mulch? You might want to put down 4-6 inches of mulch around your plants depending on the material that you use. Then after it rains, it will settle down to 2-3 inches deep which should control weeds and conserve moisture.

Fortunately, we have a nice little booklet on mulches. If you will call us at 894-5596 or 897-2776, we will mail you one.

Volunteers
Several people have called to let me know they will help with the annual 4-H Club Rally. The big day is May 9. This event, which is for 1200-1500 Coffee County 4-H'ers, will start at the New Brockton High School football stadium at 9:30 a.m.

Several folks have volunteered to fix hamburgers and other goodies. Other volunteers will be helping with the field events. Still others will be serving soft drinks and sno-cones. Some will help keep the score.

But we still need more volunteers. We will be glad to have either men or women to help us. For example, I would like to have Mr. J.E. Foster, the retired principal at Mt. Pleasant, help us with the field events. Mr. Pleasant, who could give excellent help, can think of a lot of good volunteers. Fred Wood, retired Kinney, retired forester in Ozark, is assisting landowners in this county in timber management. He specializes in timberland management, including tree planting and timber sales.

Call me at 894-5596 or 897-2776 and volunteer to help on May 9.

American Lung Sponsors Clean Air Week

"Clean Air Week" will be observed May 4-8, 1980, across the nation. Sponsored by the American Lung Association and its affiliates, the purpose is to inform the public how it can join the battle against air pollution.

These two capable young men like Dr. Robert White, pastor of Tabernacle Baptist Church, in Carrollton, Georgia, and Music Director, Mr. Bob Lingle, Minister of Music, First Baptist Church of Andalusia, team up - the participating church becomes a magnet of the community.

That's just what has happened at the First Baptist Church on West Simmons Street.

From one ball clover seed two years ago, John and Marie Asher of Rt. 1, Elba, have a plot of clover that covers 20 feet across. Marie plans to harvest the seed beans and scatter them over their pasture land. Ball clover has a growing season similar to crimson clover, but it is better adapted to wet soils than other winter annual clovers.

LEGAL NOTICES

NOTICE OF FORECLOSURE SALE

WHEREAS, on February 5, 1979, Richard Hughes and wife, Jan Hughes, did execute and deliver to Wiregrass Production Credit Association of Oak, Alabama, a real estate mortgage on certain real estate hereinafter described, which said mortgage appears of record in the Office of the Judge of Probate of Coffee County, Alabama, in Book 67-A of Mortgages, page 263-64, and

WHEREAS, said mortgage was transferred and assigned to Ida Lorene Hughes by Wiregrass Production Credit Association on the 9th day of April, 1980, and recorded in Miscellaneous Book 27, page 122, Probate Office of Coffee County, Alabama, and WHEREAS, default has been made in the payment of said mortgage as provided therein, which default continues at this date, and said mortgage is subject to foreclosure.

NOW, THEREFORE, three weeks' notice is hereby given that the undersigned will sell at public outcry for cash, to the highest bidder, in front of the Courtroom door, in Elba, Alabama, during the legal hours of sale on May 27, 1980, the real estate mortgaged to the said Ida Lorene Hughes, being more particularly described as lying and being situated in the County of Coffee, State of Alabama, to-wit:

A lot or parcel of land located in the SW 1/4, Section 10, Township North, Range 22 East, Coffee County, Alabama, and being more particularly described as follows: Commence at the point where the south line of the SW 1/4, Section 10, intersects the centerline of the New Hope-Roeton paved highway and run North 20 degrees 05' West along said centerline a distance of 1042.0 feet; thence North 61 degrees 55' 20" West a distance of 59.42 feet to the point of beginning; thence North 86 degrees 46' 25" West a distance of 1070.16 feet; thence North 01 degree 00' East, 325.95 feet; thence South 89 degrees 00' East a distance of 932.3 feet to a point on the westerly right of way of the aforementioned

This the 17th day of April 1980.

Jim Ellis, Register.
